

DIY Project Kits - Major Projects			
	Dealer cost	MRP	MSRP
IoT Based Humemperature Monitoring using Node MCU	3500	5500	6500
IoT Based Smart Parking System Using RFID - NodeMCU	4000	6000	7000
Smaridity and Tt Irrigation System Using IoT	3500	5500	6500
IoT based Water Management system	4000	6000	7000
IoT Based Smart Solar Street Light	4000	6000	7000
IoT based forest fire Monitoring System	4000	6000	7000
IoT Based Baby Monitoring System	4000	6000	7000
Smart security door locker system	3500	5500	6500
Fingerprint based vehicle starter	4500	6500	7500
Fingerprint based door locker	4500	6500	7500
Google assist based home automation	4000	6000	7000
smart garbage collector system	4000	6000	7000
Wireless led scrolling display	5500	7500	8500
voice control devices	4000	6000	7000
Home Automation Using Android	4000	6000	7000
Auto Irrigation using soil moisture sensor	3500	5500	6500
Ultrasonic Navigation For The Blind	4000	6000	7000
Gsm Based Door Unlocker system	4000	6000	7000
Gsm Based Water Pump system	4000	6000	7000
CNG/LPG Gas Accident Prevention With Gsm Alert	4000	6000	7000
Robot Controlled By Android Application	5000	7000	8000
Smart Dustbin	4000	6000	7000
Solar Cooler with remote operation	6000	8000	9000
Automatic Object separation by size using conveyor belt	6500	8500	9500
Automatic Color based sorting machine(Lemon sorter)	4500	6500	7500
Arduino based Chips Vending machine	5500	7500	8500
Gesture controlled Robotic Arm	5500	7500	8500

<i>Hand made PCB provided</i>			
<i>Online Video Tutorial for making and programming with certificate of workshop</i>			
<i>PPT,Synopsis & Thesis/Project Report softcopy</i>			
<i>Project Making charges 1000 Rs extra</i>			
<i>Repairing Charges 300Rs + Hardware if any</i>			
DIY Project Kits - Mini Projects	Dealer cost	MRP	MSRP
555 timer switch	400	600	1600
Water level indicator	700	900	1900
Water cooler alarm indicator	500	700	1700
Obstacle avoider robot	1500	1800	2800
Solar Street light with automatic On OFF day night	2000	2500	3500
Fire alarm	500	700	1700
RF based Light on off	700	900	1900
Ultrasonic Distance meter	1500	2000	3000
LPG gas leakage alarm	800	1000	2000
<i>PCB, Circuit diagram provided</i>			
<i>Project Making charges 300 Rs extra</i>			
<i>Transport Extra</i>			

PCB Design Services : 20 Rs per Sq Cm (Single Layer) without Masking - Hand made

PCB Clone Service : as per the original PCB

Project as per idea also be design

DIY Project Kits - Major Projects	MRP
IoT Based Humidity and Temperature Monitoring using Node MCU	6500
IoT Based Smart Parking System Using RFID - NodeMCU	7000
Smart Irrigation System Using IoT	6500
IoT based Water Management system	7000
IoT Based Smart Solar Street Light	7000
.IoT based forest fire Monitoring System	7000
IoT Based Baby Monitoring System	7000
Stmart security door locker sysem	6500
Fingerprint based vehicle starter	7500
Fingerprint based door locker	7500
Google assist based home automation	7000
smart garbage collectpor system	7000
Wirless led scrolling display	8500
voice cotrol devices	7000
Home Automation Using Android	7000
Auto Irrigation using soil moisture sensor	6500
Ultrasonic Navigation For The Blind	7000
Gsm Based Door Unlocker system	7000
Gsm Based Water Pump system	7000
CNG/LPG Gas Accident Prevention With Gsm Alert	7000
Robot Controlled By Android Application	8000
Smart Dustbin	7000
Solar Cooler with remote operation	9000
Automatic Object separation by size using conveyor belt	9500
Automatic Color based sorting machine(Lemon sorter)	7500
Arduino based Chips Vending machine	8500
Gesture controlled Robotic Arm	8500
